CHOOSING YOUR SNOW BLOWER

SINGLE-STAGE Uses an auger to break up snow before tossing it to the side.
Corded and Cordless options require little maintenance because they do not use gas or oil.
They are designed for small to medium sized areas on paved walkways and require less storage space.

TWO-STAGE Uses an auger to lift the snow, then an impeller blows the snow out through a chute.
They are available in Gas Models only and work on both paved and graveled/rocky terrain.
They are designed for moderate to heavy snowfalls and can make quick work for the task at hand.

* Mail-in Rebate. Rebate is in form of merchandise credit check, valid in-store only. Merchandise credit check is not valid towards purchases made on MENARDS.COM®. Limited to stock on hand. No sorry slips. First come, first served. Future sale price adjustments, exchanges and merchandise returns will void the 11% rebate on the items adjusted, exchanged and/or returned. Rebate is valid on special ordered products but does not extend to the special ordering of any normally stocked items. Not good with any other coupons or offers except Menards® coupons, Menards rebates and manufacturers' coupons. Multiple receipts may accompany one rebate certificate. Menards reserves the right to limit purchases of any and all items to reasonable job lot quantities. Excludes event tickets, gift cards, propane purchases, delivery and handling charges, all rental items, KeyMe, processing fees, packaging charges and extended service agreements. By submitting any rebate form, you agree to resolve any disputes related to rebate redemption by binding arbitration and you waive any right to file or participate in a class action. Terms and conditions available at www.rebateinternational.com
